FRISCO AND LOTT ROAD.

Austin, Tex., Sept. 26.—It is stated on trustworthy authority that the St. Louis, Brownsville & Mexico Railroad will obtain a connection with the Frisco system by building a line from either Corpus Christi or Rogers direct to San Antonio, and the extension of the Brady line of the Frisco south from that place to San Antonio. The route of the line between Corpus Christi or Rogers and San Antonio will be up the valley of the Nueces river, passing through the towns of Oakville, Pleasanton and several smaller places.

A. & M. COLLEGE

IMPROVEMENTS.

Austitt, Texas, September 26.—Insurance Commissioner Clay returned today from College Station, where he has been for the past two days on business connected with the opening of the Agricultural and Mechanical college. He reports flattering prospects for the college this year and is confident that the attendance will be larger than ever before.

He stated that the dormitories had been thoroughly renovated and put in excellent condition for the boys. Also that the contract was let for the dairy barn, which will cost \$7375, and the new iron fence around the campus will cost \$1800.

He said that the directors had secured the services of Prof. Bennett, who for the past twelve years has been in charge of the experiment stations in Arkansas. He was elected a director of the Farmers' institute.

SAN ANTONIO'S LATEST

SILK SOCIETY FAD.

Speaking of socks reminds me of the fact that I noticed a man on the Alamo Plaza the other afternoon wearing a ladies' silk hose for a necktie. It was so loud, too, I almost heard it coming, and I'm beginning to think that the men are getting to be regular faddists these days, too, when it comes to wearing apparel. They tell me that next season the men's shirts and shirt waists will be things of noisy colors, but I can't tell yet whether 'tis true or not. We'll wait until we see what Mr. Bok, the pink tea editor of the Ladies' Hum Journal, has to say about it. In the meantime the sassiest girls on the avenue may go on darning socks.—Dolly Varden in Daily Express.

TO ADVERTISE TEXAS TOWNS.

The San Antonio & Aransas Pass Railway, through its general passenger department, is urging the business men of all Texas towns to take advantage of the San Antonio International Fair to advertise their respective towns and counties. The road points out that there will be a great many Northern people at the Fair, and the towns and business men along the San Antonio & Aransas Pass are urged to make the San Antonio & Aransas Pass exhibit their headquarters for the distribution of what ever literature they might have, exploiting the resources of their respective sections.
